

YOUR KIT FROM STUDIO TO SET

TV & FILM

Camera equipment, production equipment, film sets or outside broadcast trucks, The Freight Company Global provides bespoke logistical solutions to suit your production requirements.

Whether the event is small or large TFC Global will personally manage your transportation logistics, so that you can concentrate on your core business.

We work closely with you throughout your project to give all the necessary support to provide stress free logistics.

TFC Global has access to a vast worldwide network of agents, airlines, vehicles and production industry experts.

We handle anything from a single camera lens to a complete fly away kit. With a vast portfolio of clients and having worked on some prestigious events such as the Cricket World Cup in the West Indies and UEFA European Championships, TFC Global have the knowledge and experience to provide you with everything you need.
